

ASHBURY
COLLEGE

Ashbury College Admission Process

Step 1: Online Application and Application Fee

Navigate to www.ashbury.ca/admissions and click on the APPLY NOW button to set up an account and start the application. Follow the detailed step-by-step instructions; be sure that the Personal Profile (see Step 2) has been completed by the applicant before submitting the application. The Application Fee is paid online by credit card.

Step 2: Personal Profile

Within the online application each applicant must write a 300-word essay outlining their academic goals and interests, extracurricular activities, community involvement and areas of distinction or achievement. Candidates applying to Grades 7 to 11 are expected to write their personal profile themselves. Parents may prepare the profile for candidates applying to Grades 4, 5 and 6.

Step 3: School Reports

We require a copy of the applicant's final report card from their last completed school year, as well as any interim report cards from their current school year as they become available.

Step 4: Confidential Reference

The Confidential Reference must be completed by the applicant's math or English teacher, or school Principal. Please forward the following link to your child's teacher or school's Principal and asks them to complete and submit: www.ashbury.ca/rec

Step 5: Student Interview

Junior and Senior School interviews (for students living in the Ottawa area) take place during the students Day Visit. Interviews are conducted by telephone or Skype for students applying from a distance.

Step 6: Entrance Exam

Admissions Dates, including Entrance Exam times, can be found on Admissions Home Page on our website. Students applying from a distance will write the exam at their current school or other location.

Step 7: Day Visit

A Day Visit is mandatory for all Junior School applicants (Grades 4 to 8) and highly recommended for Senior School applicants (Grades 9 to 11). Students applying from a distance are exempt.
