

Concussion Code of Conduct Athletes and Parents/Guardians

The *Rowan's Law* Concussion Code of Conduct requirements came into effect on July 1, 2019. After that date, sport organizations must require that athletes as well as their parent/guardian (for athletes under 18), coaches and team trainers confirm that they have reviewed the Concussion Code of Conduct every year. Please read and sign this document indicating that you have read the information, understand it, and reviewed the resources regarding concussions linked in this document.

I will help prevent concussions by:

- Wearing the proper equipment for my sport and wearing it correctly.
- Developing my skills and strength so that I can participate to the best of my ability.
- Respecting the rules of my sport or activity.
- My commitment to fair play and respect for all* (respecting other athletes, coaches, team trainers and officials).

I will care for my health and safety by taking concussions seriously, and I understand that:

- A concussion is a brain injury that can have both short- and long-term effects.
- A blow to my head, face or neck, or a blow to the body that causes the brain to move around inside the skull may cause a concussion.
- I don't need to lose consciousness to have had a concussion.
- I have a commitment to concussion recognition and reporting, including self-reporting of possible concussion and reporting to a designated person when an individual suspects that another individual may have sustained a concussion.* (Meaning: If I think I might have a concussion I should stop participating in further training, practice or competition **immediately**, or tell an adult if I think another athlete has a concussion).
- Continuing to participate in further training, practice or competition with a possible concussion increases my risk of more severe, longer lasting symptoms, and increases my risk of other injuries.

I will not hide concussion symptoms. I will speak up for myself and others.

- I will not hide my symptoms. I will tell a coach, official, team trainer, parent, or another adult I trust if I experience **any** symptoms of concussion.
- If someone else tells me about concussion symptoms, or I see signs they might have a concussion, I will tell a coach, official, team trainer, parent, or another adult I trust so they can help.

- I understand that if I have a suspected concussion, I will be removed from sport and that I will not be able to return to training, practice or competition until I undergo a medical assessment by a medical doctor or nurse practitioner and have been medically cleared to return to training, practice or competition.
- I have a commitment to sharing any pertinent information regarding incidents of removal from sport with the athlete's school and any other sport organization with which the athlete has registered* (Meaning: If I am diagnosed with a concussion, I understand that letting all of my other coaches and teachers know about my injury will help them support me while I recover.)

I will take the time I need to recover, because it is important for my health.

- I understand my commitment to supporting the return-to-play process* (I will have to follow Ashbury's Return-to-Learn and Return-to-Play Protocol).
- I understand I will have to be medically cleared by a medical doctor or nurse practitioner before returning to training, practice, or competition.
- I will respect my coaches, team trainers, parents, health-care professionals, and medical doctors and nurse practitioners, regarding my health and safety.

I have taken the time to review the following resources on concussions:

- [Rowan's Law Concussion Awareness Resources](#)
- Ashbury College Concussion Policy and Protocols

By signing here, I acknowledge that I have fully reviewed and commit to this Concussion Code of Conduct.

Athlete: _____

Parent/Guardian: _____

Date: _____
